## MISS NELSON IN THE VAN.

She Leads the Female Cyclists in the First Squad at the Garden.

At the Close Last Night She Had Ninety-eight Miles and Two Laps to Her Credit.

FATIMA' ONE OF THE COMPETITORS.

Miss Flanagan in the Second Squad, Six Miles Behind the Leader—The Girls Are Confident of Breaking Records.

The second day of the six days' female bicycle races opened in gloomy fashion yesterday at Madison Square Garden. There were barely two hundred people in the Garden when the first squad, com-

posed of Frankie Nelson, Helen Baldwin, Mrs. Browne, Elsie Vine, Kitty Staples, May Allen, Ada Steiner and Filda Rose, appeared on the track at 3 o'clock, ready to start on their two hours' journey. It was intensely cold, and many of the girls complained of the fact.

The girls looked as fresh and pretty as they did when they lined up for the start Sunday night, and they displayed an unusual amount of pluck. The excitement and nervousness of the opening night is beginning to wear off, and the girls pedal along unmindful of their surroundings.

As was the case in many other six-day events in the Garden, there are many favorites, and now and then crowds of men in the balconies or in the arena shout encouragement to some favorite rider. The modesty of the riders has also caused much favorable comment.

ONLY TWO REPORTED ILL.

With the exception of Miss Staples and Miss Carbaugh none of the girls have complained of feeling ill. Miss Staples while riding with the first squad yesterday afternoon began to wobble on her machine after going several miles, but she was caught just as she was about to fall. She said her eyes burned terribly and that some one had thrown red pepper at her. Dr. Glabe examined her eyes and said that the red pepper had been thrown into her eyes. She was given a rest and her eyes bled in hot water and when her squad again went on the track she was among them.

The prettiest girl on the track is Miss Elsie Vine, but owing to an accident which befell her in September she will hardly be able to keep up with the leaders. She is troubled with water on the knee, caused by her accident, and after going about thirty miles on Sunday evening she retired. She appeared at the Garden last night, determined to try again. She started out with the first squad last evening, but had not been riding five minutes before she had a fall. She was picked up, and again mounting her wheel rode at top speed after the leaders.

Grace Fisher had a fall during the afternoon, caused by the fire on her rear wheel slipping off, but she was uninjured, and was soon on her wheel.

SHE IS ONLY SEVENTEEN.

One of the most interesting girls on the track is Ruth Denning, who rides in the second squad. She is a well-built girl of seventeen years, and rides with considerable ease and grace, though she makes no attempt at spurring. Her mother and father are attending to her wants, and they are enthusiastic over their daughter's showing.

Little Florence Brockway, who has been a favorite in several companies, is another favorite. She is the smallest in company of any of the contestants. She pedals along as unconcerned as if she were merely out for a pleasure spin. Manager Madden has promised to pay her well if she remains in her squad the rest of the week.

FATIMA A COMPETITOR.

On Sunday night, when the riders were

## LIVELY SPARS AT THE VERONICA

The Bout Between Mike Lyons and Streeter Was the Star Event.

A large crowd filled the Veronica Athletic clubhouse—No. 523 West Twenty-sixth street—last night on the occasion of the second boxing night of the season.

Four bouts were on the card, the first of which was of six rounds at 125 pounds between Eddie Hayes, of the Imperial A. C., and Jack Delaney, of the Clipper A. C. This was an excellent fight, as both men kept to their work from the outset of the bell in the first round. In the third round Delaney knocked Hayes to his knees with a left-hand swing. The final round was a blow-out. The referee declared the bout a draw.

The second bout was announced as a six-round affair, at 110 pounds, between Jack Heller, of the Veronica A. C., and Owen Williams, of the Homestead A. C. Neither of these boys knew much about the game, but threw their arms at each other in a peculiar style of their own for the full six rounds. Much blood flowed in this bout, and the decision was awarded to Heller.

The fourth event was six rounds between Mike Streeter, of the Clipper A. C., and Mike Lyons, of this city, at 115 pounds. The fighting in this bout was the fastest and fiercest of the night. Both men did good work, and for three rounds had the advantage. In the fourth round Lyons landed several blows in rapid succession and the most hand Streeter out. The bell alone saved him. The last round found Streeter the aggressor, and several punches were thrown, but Streeter made him weaker perceptibly, after which it was give and take until the bout was stopped by the police.

Lyons' stomach made him weaker perceptibly, after which it was give and take until the bout was stopped by the police.

Such arrests became so frequent at one period last Spring that a well-known lady cyclist of wealth finally came to the front and offered herself as a perpetual bondsman. She was placed under arrest and locked up over night because her lamps were not burning brightly.

## GOOD NEWS FOR CYCLERS.

A New Law in the Interests of Riders Proposed by Magistrate Deuel.

The Amendment to Be Introduced in the Legislature at an Early Date This Session.

CAN BE THEIR OWN BONDSMEN.

May Leave Their Wheels or Other Valuables as a Bond to Cover Twice the Amount of the Highest Possible Fine.

Magistrate Joseph M. Deuel, who presides over the destinies of the First District Police Court, is, in his own right, legal way, a philanthropist and a cyclist.

He is an enthusiastic wheelman and he proved the fact that with all his official duties he was able during the Summer months to roll up a road record of thirty-three centuries.

For a week or two the judicial cyclist has been at work upon a measure that is intended to relieve the owners of all vehicles in general and wheelmen in particular who travel by night in strange places with queer ordinances or where they become unintentional violators of the law from accident or other causes, from the embarrassment and humiliation of confinement over night after arrest, at a distance from home which precludes their release.

During the past year many wheelmen, and not a few wheelwomen, even in New York City, have been placed under arrest and locked up over night because their lamps were not burning brightly.

Such arrests became so frequent at one period last Spring that a well-known lady cyclist of wealth finally came to the front and offered herself as a perpetual bondsman. She was placed under arrest and locked up over night because her lamps were not burning brightly.

## CHICAGO'S CYCLE SHOW.

All Branches of the Sport Are Represented. Eddie Bald Talks of His Plans for Next Season.

Cycle Show, Chicago, Ill., Jan. 6.—Though the Cycle Show opened Saturday night at Tattersalls, it did not get in full blast until to-night, many of the exhibits not being completed until this afternoon. From present indications, the show promises to be the most successful of any ever held in this country, but it is very likely to be eclipsed by the affair which follows at Madison Square Garden.

The apparent growth of the cycle industry is enough to stagger even those who have watched it prosper; not only is the trade so evidence, but many prominent league and racing lights are to be seen in the throng.

A prominent figure is E. C. Bald, the champion "speed merchant" of the year. He hopes that Class B will be continued, and that the National Association will be at the limit of fifteen days on each track. Of course every effort will be made to kill this bill, but Governor Fernald has taken a most determined stand in the matter, and the "pull" of the Virginia Jockey Club and the Grange Camp Association is likely to prove less than the anticipated.

Over at Arlington strong efforts are being made to open up. Matt Sharpe, the announcer in the ring at St. Asaph, went to Baltimore last night, and it is said he carried promises of all the financial support necessary. Those in charge believe that this assurance of support will be sufficient to meet with some bitter opposition. Under the existing laws in Maryland they have every right to go on and race, but the fact is that the Elkhart and Pimlico tracks will oppose them in every way. It is said that rather than see the Arlington people open their gates they will pay the rent of the track and keep it closed.

There seems to be little chance of a renewal, even when Spring rolls around, of the old plan of every-day racing. It is from Richmond to-night give little hope for an unlimited bill; in fact, it is almost a certainty that the Legislature will pass a bill of fifteen days on each track. Of course every effort will be made to kill this bill, but Governor Fernald has taken a most determined stand in the matter, and the "pull" of the Virginia Jockey Club and the Grange Camp Association is likely to prove less than the anticipated.
